

Good to be Green

At the beginning of a new school year the class rules are shared and agreed with everyone.

- A verbal warning is given if you are making it difficult for others to learn.
- If a warning is necessary your frog will be moved onto the **orange** lily pad and recorded in the green book.
- If there is another disruption your frog will be moved to the **red** lily pad and recorded in the green book.
- If you hurt someone with words or your hands and feet, your frog will go straight to the **red** lily pad.
- If you continue to disrupt the class you will be moved to another place in the classroom and if this continues you will be sent to Year Two.
- Your parents will be able to look at the lily pads and if your behaviour continues to be poor they will be asked to come in and talk to us.
