

## GOOD TO BE GREEN

Our classroom rules are displayed so that we are all clear about the behaviour we will use everyday.

*If you are new to this room please ask the children to tell you the rules*

We must allow all of the children in our class the right to learn.

If a child is making learning difficult for their friends the teacher will explain why this behaviour is a problem. They will explain the behaviour that is causing the problem and encourage the child to think about what they need to do. The teacher will clearly explain the behaviour that is needed. **Verbal explanation/warning**

If any further disruption is cause by that child the card is turned to yellow

**Yellow - warning** At this stage the warning is recorded in the **GOOD TO BE GREEN book** as a record- daily record kept by the teaching assistant.

If there is another disruption the card goes **red - consequence** - they miss 5 minutes of play.

If there is further interruption the child is moved within the classroom and issue is noted. (If inside the child goes outside and if outside the child comes inside)

After that the child will be sent to another room ( F1) and issue noted

Parents are encouraged to look at the wall daily so that they can follow up issues at home.

If there are several incidents in a week then the class teacher will involve the parents directly.

# Rules in the Foundation Stage

## **To use good listening**

*To look at the listening, to think and wait for a quiet space before speaking*

## **To use good looking**

*To look at the person who is talking, to look at the space around us- question -Do I need to move?*

## **To use good sitting**

*To sit with legs crossed and hands in their laps*

## **To use our walking feet inside**

*We only run outside*

## **To use our words to ask for what we want**

*We must NEVER use our hands to hurt or snatch  
If we hurt our friends we are moved to another area of the unit  
(If outside they come inside, if inside they go outside)*

## **To tidy up when we have finished working with a toy**

*We must clear away after painting and designing and place everything back tidily before moving to our next activity.*

## **To take care of the toys and equipment in our class**

*We must never tip toys out of baskets or trays*

## **To take care of our own belongings**

*We can all take off my own jumper and put them in the jumper box ourselves  
We can all look after our bags and coats ourselves*
